MESSAGE NOTES

“Which Way To Go? ”

(Acts 15:22-35)

One of the questions facing the early Church, and that faces the church today is: **“when people are saying things that sound reasonable, how do you determine what is right. How do you know which way to go when both ways seem okay? How do you tell the will of God when any number of possibilities seem right?”** well I'd like to share three primary things the early Church did to sort things out, that are still applicable for us in the Church, today.

1. The early Church understood **the importance of the body**.
2. The early Church understood **the importance of the Holy Spirit**.
3. The early Church understood **the importance of solid Biblical teaching**
